

For Cleansing the Blood

I have never found anything equal to Hood's Sarsaparilla. In our home it is regarded our general family medicine. We use it whenever we are bilious or run down, or have impure blood or that tired feeling. I regard it only simple justice to speak well of this medicine, that has proved its worth so many times. Certainly we would not know what to do were we deprived of Hood's Sarsaparilla."—Mrs. L. H. Nisbaum, Goshen, Indiana.

It is because it combines the great curative virtues of more than 20 valuable ingredients—just those prescribed by the best physicians—that

LAWSON INDORSED FOR POSTMASTER

Danville Liveryman Named as Choice by City Democratic Club.

[Special to The Times-Dispatch.] Danville, Va., March 8.—At a meeting of the Wilson-Marshall-Saunders Democratic Club, held here to-night for the purpose of endorsing a candidate for the postmastership of Danville, T. A. Lawson, a local liveryman, was named without opposition, and his name will be presented on behalf of the Democrats of this city.

The term of Postmaster Lumpkin, the incumbent, expired last December, and he is simply holding over until the new President appoints his successor. The meeting to-night, while not very largely attended, was in charge of representative citizens, and the endorsement probably will give general satisfaction.

"We were told it would require from three to four weeks for the vaccine to take effect," said Dr. Thrush.

SESSION AT NIGHT IS NOT NECESSARY

Speaker Connor Announces That Calendar of House Is in Excellent Shape.

BOND ISSUE BILL PASSES

Senate Votes Against State Taking Part in Panama-Pacific Exposition.

\$1,000,000 Bond Issue to Cover Big Deficit

[Special to The Times-Dispatch.] Raleigh, N. C., March 8.—A \$1,000,000 bond issue to cover a deficit for permanent improvements, particularly for new State buildings and their equipment, was ordered to-day by the General Assembly, which increased its appropriation to the State University from \$87,000 to \$95,000. The bonds will be put on the market at an early date.

[Special to The Times-Dispatch.] Raleigh, N. C., March 8.—Speaker Connor having stated to the members of the House at the close of the afternoon session to-day that the calendar is in excellent shape, and that he did not deem it necessary to hold a night session, the House adjourned to Monday morning, with the understanding that Speaker Connor and some few members would constitute a working force for the little while after 3:15 o'clock for ratifying 167 enrolled bills awaiting ratification. The Senate had a night session. It is expected that the work of the session will be finished Wednesday morning, members being here after to-day at their own expense.

The House has concurred in the Senate amendment to the university maintenance bill restoring the university maintenance to \$95,000. The bond issue bill from the Senate passed the House and was enrolled for ratification. The vital statistics bill has passed both houses, and is ready for ratification.

The House this afternoon presented a beautiful check of silver to Speaker Connor, this marking the real beginning of the session for the session of the 1913 Assembly.

The Senate voted down pending legislation looking to North Carolina representation at the Panama-Pacific Exposition, both the bill for the expenses of the Governor and party to visit San Francisco to select a site for the State building and a substitute for \$40,000 of the revenue bill, so as to make the bill pass, without reference to any State building.

The Senate passed the solicitors' salary bill, with a minimum of \$1,500 and a maximum of \$2,500. The Senate amended the State tax rate bill, increasing the revenue bill, so as to make the bill pass, without reference to any State building.

Bills passed to have the State Department of Agriculture pay \$25,000 toward a \$50,000 building at the Agricultural and Mechanical College. The bill for engineering aid to the counties in road building passed with amendment, making \$10,000 instead of \$20,000 available for this purpose.

Wants No Help. "I was at Gettysburg fifty years ago, and was spared to get back to North Carolina, thank God, and I don't want the United States government to pay my expenses back," shouted Senator Watkins, eldest member of the General Assembly, to-day, when he moved against the proposition to memorialize Congress to pay North Carolina Confederates fare to the reunion at the battle ground this fall.

It was the first anniversary of the Confederate septuagenarian, and on the last day of the regular session. Many spoke against pension extravagances, but the Senate passed the resolution. The House, during the speech, reported the bill unfavorably.

Report on New Railroad. Senator Ward submitted to the Senate to-night the report of the joint committee to investigate the Atlantic and Western (Transcontinental) Railroad Company and the contract the State has with it for convicts to do grading for the road, twenty convicts being engaged in this work.

The report reviewed hearings given Colonel A. S. Jones and Theo. Davidson in the interest of the road, it appearing that definite effort is under way for financing the undertaking, considerable work being done in the meantime. The report recommended that the matter remain in statu quo until the extra session.

The Senate concurred in the House amendments to the vital statistics bill, and it was ordered enrolled for ratification.

The following Senate bills passed and were sent to the House for action: Protect municipalities that have erected septic tanks for disposal of sewage.

Supplemental school law for Chowan County.

House bills passed and ordered enrolled for ratification: Promote catching fish in New River, Onslow County.

Provide how ballots shall be cast in all primaries and elections in Salisbury.

Establish Alliance Union Farm School, Orange County.

Senator Thorne presented to Lieutenant-Governor Dutchridge a beautiful silver service, and Senator Grant added words of appreciation from the minority for the uniform kindness and efficiency of Governor Dutchridge as a presiding officer. Governor Dutchridge accepted the token and the commendation in feeling and fitting words.

Senator Weaver offered a resolution for the appointment of a committee of five, two from the Senate and three from the House, to consider the feasibility of making an exhibit at the Panama-Pacific Exposition. It passed its readings, the committee to report back to the extra session.

The State-wide bill to protect fur-bearing animals passed with amendments exempting a number of counties and exempting the gray fox from protection.

Adjournment was taken until 10 o'clock Monday morning, the Senators determining to remain in the city until the business of the session is closed, at their own expense.

R. Wilson, of Tennessee, to be elected secretary of the Senate, is taken to indicate that the President is firm in his intention to avoid any charges of nepotism.

Mr. Olney Doubts It. Boston, Mass., March 8.—Definite announcement from Washington that President Wilson had decided on him for the post of ambassador to the court of St. James took Richard Olney by surprise to-day. Mr. Olney said: "I have received no such offer, and I doubt whether it will come. He did not indicate whether he would accept the mission. When his name was first mentioned in the present connection, Mr. Olney treated the suggestion as a joke and those closely associated with him expressed the opinion that his advanced years would make his entrance to the diplomatic service improbable. Mr. Olney is seventy-eight years old."

No Immediate Appointments. Washington, March 8.—Postmaster-General Burleson said to-day that no appointments of postmasters probably would be made before April 1, except

possibly in cases of emergency. Approximately 1,500 such appointments by Mr. Taft were not acted upon by the last Senate, and it will be necessary for President Wilson to make appointments to fill these offices.

Will Not Let Bars Down. Washington, March 8.—President Wilson let it be known to-day that there was no immediate prospect of letting down the civil service bars to thousands of Democratic office-seekers. The President told Senator Pomeroy that so far, he and the Cabinet had formulated no policy as to appointments for minor positions in the government service.

There had been a report that President Wilson might revoke the recent order of Mr. Taft, which put 3,000 fourth-class postmasters under civil service.

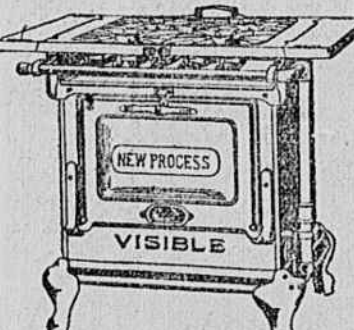

Many Looking for Jobs. Washington, March 8.—A number of Senators and Representatives called upon Secretary Bryan to-day, some alone, but many accompanied by constituents looking for positions. The secretary apparently made no direct promises, but according to each applicant, the privilege of filing his papers, with an understanding that his claim should receive due consideration.

Towards the end of the day Professor John Bassett Moore, of Columbia University, appeared by Mr. Bryan's own invitation. After a conference of nearly an hour, the two went to the White House and talked with President Wilson. The announcement was made as to the result of these conferences, though Professor Moore's name had been mentioned as a likely
